ABOUT US

Founded in 1979 by a group of committed people, Friendicoes is located in New Delhi, India, and after 35 years of dedicated work in the field of animal rescue & rehabilitation, FRIENDICOES continues to care for any animal in distress, runs a city hospital and trauma centre in South Delhi, three spay / neuter hospitals in West and East Delhi and a lifetime care Sanctuary in Gurgaon, Haryana the neighbouring state with a hospital and two spay / neuter facilities; we also run a spay / neuter facility in Port Blair, Andamans.

Home to a huge population of abandoned pets and stray dogs, cats, horses, donkeys, rabbits, monkeys and cows, annually Friendicoes attends to over 22000 animals in need and distress at its centres; spays / neuters over 2500 dogs at its centres and treats over 3000 equines with its mobile clinic. At any given time it has 2000 animals in its care.

The things we do for love

Our Work

Animals Ambulance Service: Friendicoes runs a round the clock Helpline service for stray animals in distress in Delhi. Our ambulance service brings them into the Delhi shelter/hospital where they are given medical assistance and they can recuperate till they are ready to go back to their own areas. Those which are old or handicapped are sent to the lifetime care sanctuary.

Spay Neuter Program: Friendicoes in collaboration with Municipal Corporation Delhi and World veterinary Services in Gurgaon runs a large spay/neuter program in the country with 2500 sterilizations a month. Friendicoes has three ABC (Animal Birth Control) centers in Delhi and two centres in Gurgaon.

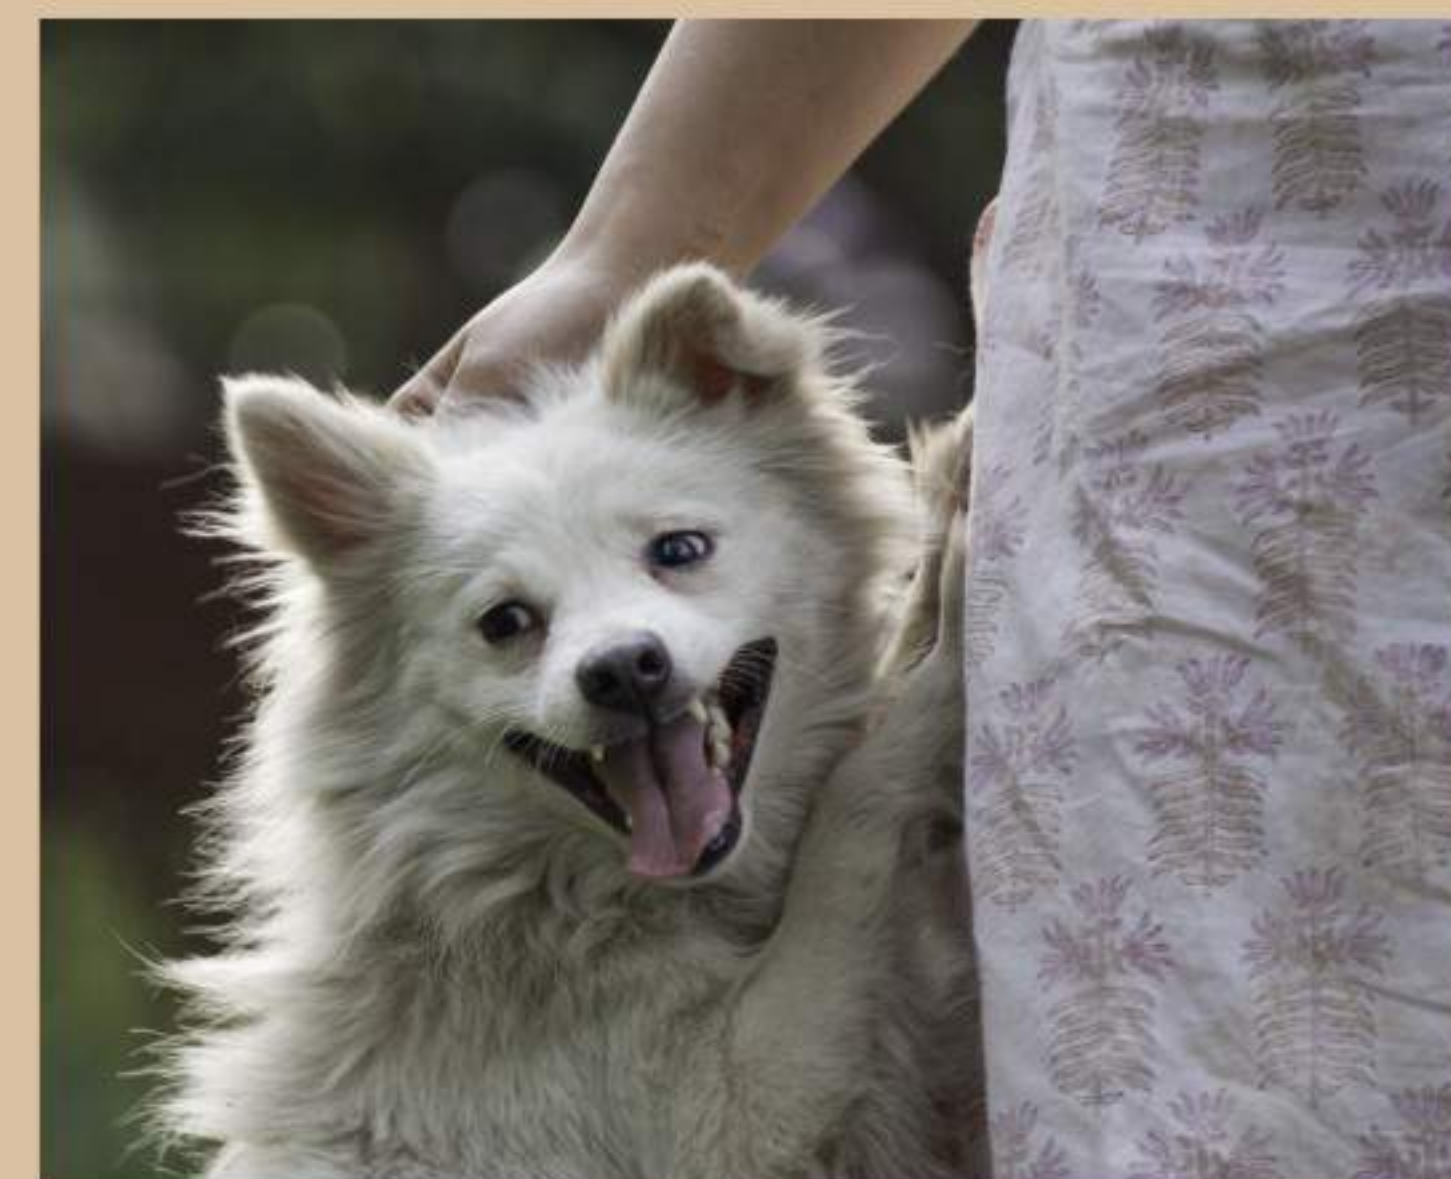

Helping people and animals

Working Equine Welfare: Since its inception in the year 1984, the Friendicoes SECA Mobile Equine Clinic has attended to working equines in the brick kilns and tonga stands of Delhi and its neighboring states, Haryana, Uttar Pradesh and Rajasthan. In total there are 3000 animals who receive free medical care under the Mobile Equine Clinic. The Equine team also educates the owners on taking care of their animals and helps build water troughs for the animals and shade shelters.

Pet Adoption: Friendicoes runs a successful adoption program with over a hundred animals getting re-homed every year. Abandoned old pets, orphaned Indian puppies and kittens as well as healthy indian breed dogs find suitable homes. A detailed adoption process including house checks before and after adoption ensure a successful adoption.

We champion the Great Indian Dog and the Indian Cat who have yet to find true appreciation as excellent pets and strives to create awareness and find homes for these lovely animals.

Our vision: A world where tolerance & love for animals prevails & where humans and animals co-exist peacefully.

Our Animal Sanctuary: The Friendicoes Country Sanctuary on the outskirts of Delhi is home to over 1200 animals and offers a permanent retreat to hundreds of abused and homeless animals who have found their way to Friendicoes. The in house hospital also cares for the resident animals as well as those in surrounding villages.
